PROFILE

Event technical director with over 20 years of experience in live events and large-scale productions. Used to working in complex environments with strong artistic constraints, particularly within electronic and techno music scenes. Global technical vision covering design, coordination, safety and on-site operations.

CORE SKILLS

- Overall technical direction of festivals and events (concept, budget, safety, arbitration)
- Coordination and management of technical teams and multiple suppliers
- Technical supervision of structures, power distribution, lighting, video and networks
- 3D/4D technical scenography and anticipation (Vectorworks, Twinmotion, ConnectCAD)
- Audiovisual networks for live events (Dante, sACN, Art-Net, NDI)
- Lighting operation and live show execution
- Structuring technical processes and long-term knowledge transmission (Vectorworks)

PROFESSIONAL EXPERIENCE

Independent Technical Director — Since 2023

- RB Dance Company – Back-office technical direction and Vectorworks planning (The Rise)
- Hangar Creates – Technical direction for electronic music projects (Adriatique, Blondish, Mochakk)
- The Hybrid Project – Technical direction for video-based scenographic concepts (Delta, Sonora, Hypnotize, Initial)
- Paris 2024 – Venue Lead – Energy (La Concorde urban site)
- Vectorworks Trainer – Oliverdy training center

Technical Director — KRD Audiovisuel (2021–2023)

Overall technical direction for event projects, coordination of suppliers and technical teams, 3D simulations, technical studies, and budget supervision.
